

DR DAVID FONG

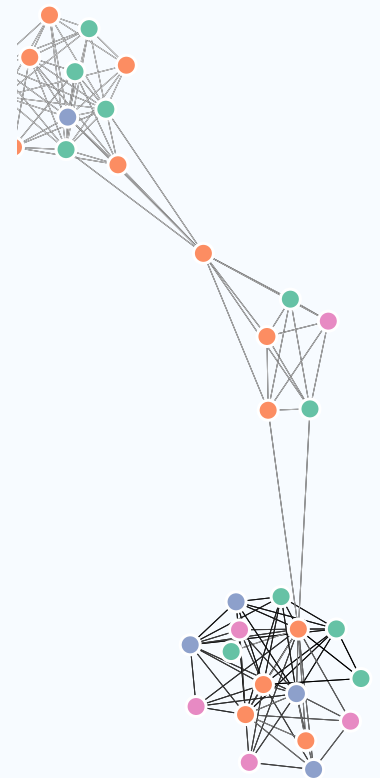

I enjoy the opportunity of working with fellow health-workers in a culturally and linguistically diverse community in suburban Australia. When the opportunity arises, I also work and volunteer overseas.

I appreciate the opportunity to both learn and share knowledge with team-members and students in Australia and elsewhere, such as in China and Kenya.

I particularly enjoy examining clinical data, and considering how data may be used to improve patient care and improve clinical processes. I am continuing studies in how to use data and systems analysis to further the health of communities.

EDUCATION

Current 2019	<ul style="list-style-type: none">● Masters in Global Development Practice Harvard University, Extension School  Cambridge, Massachusetts• including "Data, Economics and Development Policy" micromasters (MITx) as credit
